DETAILED ACTION

Response to Amendment

Claim Rejections - 35 USC § 102

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 1-9, 11-17, 19, 20 are rejected under 35 U.S.C. 102(b) as being anticipated by Ravenscroft (US 5702418). Ravenscroft discloses a stent delivery system comprising an outer shaft 25, an inner shaft 26 coupled to a rigid member 15 having a catheter 17 on its distal end. The inner member is slidably disposed within the outer member. A stent 50 is disposed on the distal end of the catheter.

Claim Rejections - 35 USC § 103

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
4. Claims 10, 18 are rejected under 35 U.S.C. 103(a) as being unpatentable Ravenscroft in view of DiCaprio et al (US 6176843). Claims 10, 18 differ from Ravenscroft in calling for a valve to flush air from the sheath. DiCaprio teaches a device for delivering a stent having a valve 34 that allows air to be forced out of the lumen to prevent the possibility of an air embolism forming. Therefore, it would have been obvious to one of ordinary skill in the art at the time of invention to modify the device of Ravenscroft to have a valve as taught by DiCaprio to allow air to be purged from the lumen.

Response to Arguments

5. Applicant's arguments filed 10/01/2007 have been fully considered but they are not persuasive.
6. Applicant argues that Ravenscroft does not teach a stepped exterior tube having a wide diameter end. The examiner disagrees. Ravenscroft discloses an outer shaft having a wide diameter end 25 and a smaller diameter end 11.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
